MEMORANDUM FOR: Executive Director

1. In a Memorandum for the Record covering a meeting in the Pentagon, Lew Meyer (Comptroller of the Air Force) advised Pete Scoville's representative, [ ] "Hearings on the CIA budget would spell trouble for the Agency. When pressed on this comment, he said he thought the Agency would find itself in hot water particularly on the Cuban situation and the size and organization of the Agency".

STAT

2. I do not know what kind of bureaucratic intrigue this remark represents but presumably the Director should be advised of it.

JOHN A. BROSS
